Why have a French-American Heritage Foundation? Two words come to mind: Education and entertainment? We in Minnesota pride ourselves as being an educated- world conscious people. This means we should know our past and be aware of other cultures and languages. Studying the French language will have more meaning if you can put it in proper context and be able to experience some of the cultures that go with the tongue. Therefore, the foundation's primary focus, at least to start, will be to put on a Franco-Fete in 2014 that will celebrate French history, entertainment, songs and stories, and French food and culture. This gives students of history and French an opportunity to learn and experience something fun, different and interesting. It enriches our Minnesota experience, and helps keep us aware of our history and the diversity of our planet.
