## Message from the President

The pages which follow represent the ninth annual report for the French-American Heritage Foundation, which was incorporated and organized in 2013. Our Foundation has many accomplishments over the past nine years, and we hope to continue to promote education and community events in Minnesota for years to come.

2021 continued to offer many of the same challenges we faced the previous year, and, although a number of the events we were planning to sponsor had to be postponed due to coronavirus pandemic, we did reinitiate programming during the summer. Our plans for 2022 include a number of new programs and we hope to also hold a live version of La Fête de la Saint-Jean-Baptiste, the National Holiday of Québec, which is also celebrated across French speaking Canada and the United States.

We continue to make progress with 100 Associates, our endowment fund. Although we have not yet reached our end goal of \$100,000, we did reach the threshold required to open an endowed fund with the St. Paul Foundation and will begin granting small scholarships this year.

Please help support our mission and our organization, and we look forward to seeing you soon at one of our upcoming heritage events.

**Sincerely,**

**Greg Cash, President**

**The French-American Heritage Foundation** is a 501(c)(3) charitable non-profit organization with the primary purpose of promoting and sponsoring French heritage events in Minnesota. Our Mission Statement:

**To promote and preserve the French-American Heritage in Minnesota through education and community events.**

French-language heritage has played an important role in the history of Minnesota. It is important and proper that this heritage be celebrated and remembered. The French-American Heritage Foundation:

- Maintains a website and a Facebook page focused on French-language heritages
- Sponsors educational events focused on French heritage
- Sponsors educational materials and books about French heritage
- Posts Minnesota French-American family history and genealogy to our website
- Provides scholarships for French language and culture studies

## **Membership Structure**

The membership was structured so that 100% of the membership payment is tax deductible. IRS rules state that membership payments are fully deductible where there are no services given to members. Although the Foundation does not provide direct services or benefits to members, it does use the funds provided by members to put on heritage events that are informative and fun! Membership is annual and for the calendar year.

Members may make contributions to the website in the form of articles on French-American heritage, information on their genealogy and family history, and share resources that deal with French-American heritage. Members are encouraged to volunteer to assist in activities the foundation sponsors.

# French-American Heritage Foundation Projects

The French-American Heritage Foundation has completed five heritage projects. This includes the publication of four books, and the completion of a Heritage Brochure. Information about these five heritage projects are shown below. All these publications may be purchased at future French-American Heritage Foundation events and online at Amazon.com.

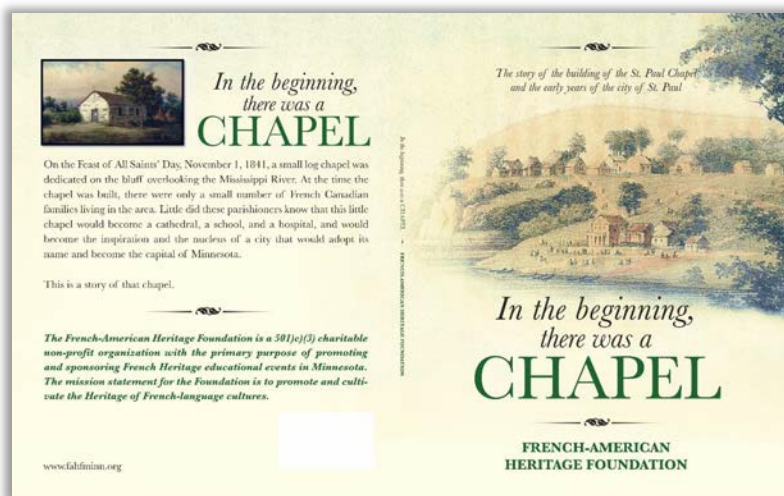

## 1. They Spoke French

They Spoke French is a book on French heritage in Minnesota, including information on early explorers and settlers, early French Speaking settlements, including Metis, French Heritage Sites, French place names and other information about Minnesota's French Accent.

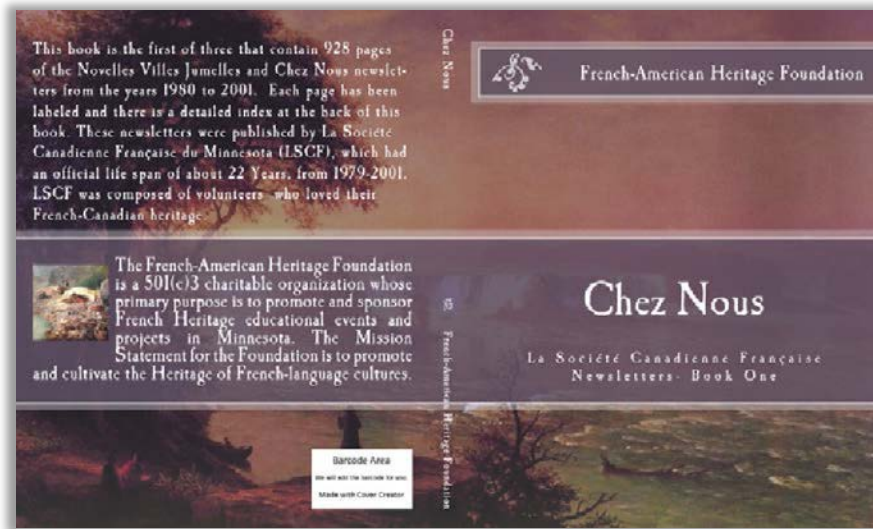

## 2. In the beginning, there was a CHAPEL

In the beginning, there was a CHAPEL, is the story of the small log chapel built by French-Canadians that became the nucleus of the city of St. Paul.

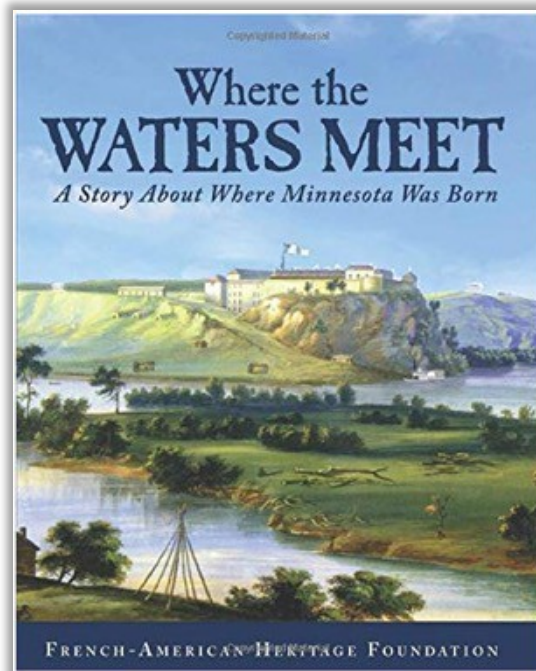

### 3. Chez Nous

This set of three books contains 928 pages of Nouvelles Villes Jumelles and Chez Nous newsletters published during the years 1980 to 2001 by La Société Canadienne Française du Minnesota (LSCF). These three books are filled with numerous articles and stories about Minnesota's French-Canadian heritage and stories of French Heritage in North America.

### 4. Where the Waters Meet

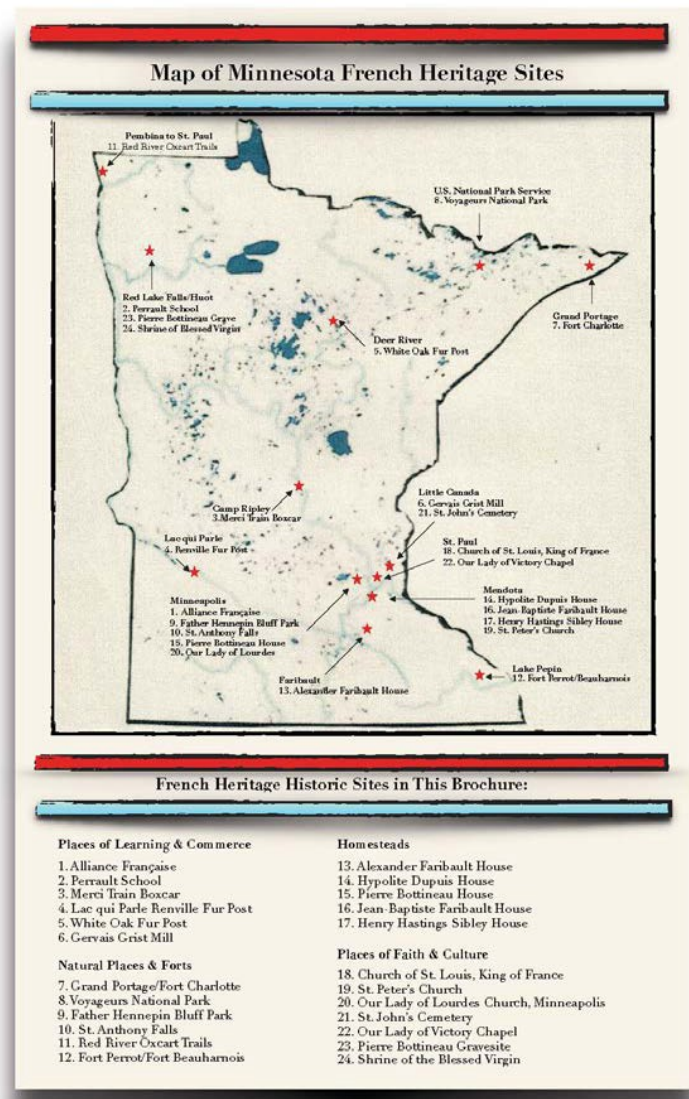

“Where the Waters Meet,” is the story about how the state of Minnesota had its beginnings in the area known as “Mdote” by the Dakota (aka Bdote) which literally means “the place where the waters meet.” The state’s beginnings involved an interesting cast of characters including French explorers and fur traders with names such as: Pierre Le Sueur, Nicolas Perrot, Alexis Bailly, Jean Baptiste and Alexander Faribault, Joseph Rolette, and Joseph LaFramboise. This book is the story of that place, its role in our state’s beginning, and a focus on the French-speaking people who were part of the transformation from Dakota Nation to a member of the United States. The book will be for sale at heritage events and can be purchased online at Amazon.com.

## 5. Heritage Brochure

French-American Heritage Foundation completed the creation of a brochure showing French heritage sites in Minnesota. The heritage brochure project was designed to promote multidisciplinary on-site visitation and remote learning in a way that expands public awareness and understanding. The heritage brochure includes new, original illustrations and descriptions of 24 statewide sites and their significance to French heritage in Minnesota. All featured sites are publicly accessible.

During the early years of European settlement in Minnesota, many French-Canadians migrated here, and at least 79 French-speaking towns and communities were formed in Minnesota. French-speaking ancestors were important in all sectors of society, and they helped build our state and region into what it is today. This brochure shows some of the heritage sites in Minnesota that are related to Minnesota's French accent. The paintings in the brochure were created by artist H. Jean McFarlane (née Collette), a board member of the Foundation. They will be available at Foundation heritage events.

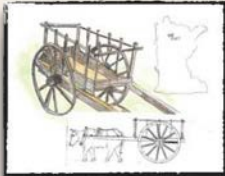

Below is one of the pages of the heritage brochure. All the artwork is original and was created specifically for the heritage brochure project.

**Rivers**

**Father Hennepin Bluff Park.** This 5.5-acre park rests on a wooded bluff overlooking the Mississippi River and St. Anthony Falls. It connects to many parks on both sides of the river through an extensive trail system. It is named for French-speaking Catholic Franciscan priest Fr. Louis Hennepin who visited the region in 1680 and kept a diary of his journeys and his discovery and naming of St. Anthony Falls. (9)

**Red River Oxcart Trails.** This network of 19th century oxcart routes connected the Red River Colony in Canada with the Mississippi River at Mendota and St. Paul. The trails provided French Canadians and the Métis people a way to transport furs and supplies without reliance on the monopolistic Hudson's Bay Company trade developed by and along the trails connecting Fort Garry with St. Paul. This commerce contributed to the settlement of Minnesota and North Dakota, and accelerated the settlement of Western Canada. (11)

**Lake Pepin, Fort Perrot/Fort Beauharnois.** The lake was first named in a 1703 map of New France made by Guillaume Delisle at the request of King Louis XIV. The lake was named for Jean Pepin who settled on its shores in the late 1600s after exploring the Great Lakes from Boucherville. Nicolas Perrot erected the first of several fur trade posts, Fort Saint Antoine, in 1686. In 1727 René Boucher de La Perrière and Michel Guignas built Fort Beauharnois on the lake. In the 19th century the lake was used to transport lumber downstream to mills at Winona and St. Louis. (12)

**St. Anthony Falls.** A major waterfall located in Minneapolis on the Upper Mississippi River, it was first named the Chutes de Saint Antoine in Father Louis Hennepin's 1680 journal and is part of the Mississippi National River and Recreation Area. It was a leading tourist attraction for French traders and early European settlers, and a special place for the Dakota people. This once significant source of water power sustained wool, cotton, and flour mills, as well as sawmill and paper mill trades. (10)

## Donations

The French-American Heritage Foundation relies on monetary contributions in order to survive. We need those interested in preserving and promoting French-American Heritage in Minnesota to donate to our Foundation. All donations are tax deductible. As a way to assist the Foundation to raise funds, rack cards have been printed that provide prospective members with information about our Foundation. Copies of these rack cards are shown in the following 100 Associates section.

# 100 Associates

In recognition of the rich and long history of French presence in this state, a group of people interested in history, heritage and culture formed the French-American Heritage Foundation (FAHF) in 2013 with the purpose of promoting and sponsoring educational events, seminars and classes on French heritage in Minnesota. Most other ethnic groups in Minnesota have organizations that promote and preserve their heritage, and it is appropriate that Minnesota also has an organization that helps to preserve its French-Canadian and French heritage.

FRENCH HERITAGE  
BOOKS

*They Spoke French*

*St. Paul Chapel*

*Chez Nous Books*

In the short time this Foundation has been in existence, it has become clear that the people of Minnesota appreciate the efforts and contributions that this Foundation has made to provide historical information and educational materials to the public. There will always be a need and desire to learn about our state's history. The French heritage in this state is part of our history, and should be remembered and be available to everyone. It is the intent of the FAHF to fulfill that need.

**Past Heritage Events Sponsored by French-American Heritage Foundation**

These efforts take time and money, and to ensure that this Foundation survives, it must have funds to ensure that its mission will be able to continue long into the future. For this reason, the FAHF is embarking on this fundraising campaign to raise \$100,000 to place into a perpetual endowment fund that will be managed by the St. Paul Foundation. The income from this endowment will then be used to help fund future educational events and services that meet the mission statement of the French-American Heritage Foundation.

At the present time the Foundation has established an endowment fund through the St. Paul and Minnesota Foundation. As of November 24, 2021 there was \$26,379.35 in this fund. .
