Why have a French-American Heritage Foundation? Two words come to mind: Education and Entertainment. We in Minnesota pride ourselves as being an educated, world-conscious people. This means we should know our past and be mindful of other cultures. Studying the French language will have more meaning if you can put it into the proper context and be able to experience some of the cultures that correspond to the language. Therefore, the Foundation will explore and present opportunities that will celebrate French history, entertainment, songs, stories, French food, and culture. This gives students of history and French ways to learn and experience something fun, different and interesting. The French-American Heritage Foundation enriches our Minnesota experience, helping to heighten our awareness about history and the diversity of our planet. Join us.
